

BOY KILLED BY AN AUTOMOBILE

Five-Year-Old Frank Bocalt Run Down in Front of His Home This Morning.

CHAUFFEUR MENACED.

Angry Crowd in the Street Gave the Mother the First Notice of the Killing of Her Son.

In going across the street to a drug store to get medicine for himself, little Frank Bocalt, of No. 26 East Twenty-ninth street, was run down by an automobile and instantly killed today.

The accident happened in front of his home, and when his mother heard the cries of the crowd in the street, as they threatened the chauffeur with violence, she ran to his car and dead and mangled.

Frank was five years old. He had been sitting for a week and his mother kept him in his room, so that he would not see the street, and she would not let a crowd of people see him.

As he stepped into the street, he was struck by the automobile, which was driven by a man named McQuitty. The car was moving at a high speed and the boy was killed.

The noise in the street attracted Mrs. Bocalt. She ran out and saw the car. She pushed her way through the crowd and there saw her own son.

Poor residents of the east side have been victimized for several months by a shrewd swindler who would take their money on the pretense of insuring them against fire and death. Almost daily complaints of the swindles were received by the Detective Bureau, and in every instance the victims were persons living east of Third avenue from Fourteenth street up to One Hundred and Sixth street.

Descriptions of the swindler furnished to the police led to the arrest of Leslie McLane, forty-two years old, who said he lives at No. 215 East Sixty-fifth street, by Detective-Sergets, McMillen and Smith. The detectives found in McLane's possession a wallet filled with blanks of the Germania Fire Insurance Company, German-American Insurance Company and the Tradesmen's Life Insurance Company.
